After 30 years of operating **Elizabeth Park Child Care Centre** in its current location at Uplands Catholic School, Global Child Care Services will be relocating the program 6.5 kilometres away and transforming it into **Winterwood Child Care Centre**.

Our wonderful staff team currently at Elizabeth Park Child Care Centre will continue to offer the same exceptional early learning and care at **Winterwood Child Care Centre**.

Many of our current families will be transferring with us, but we anticipate some child care spaces will become available by the summer of 2017 and beyond.

**For more information about future space availability,
