Ms. Arlene Ross
Executive Director
Global Child Care Services
1714 Montreal Road
Ottawa, Ontario
K1J 6N5

Dear Arlene and Global Child Care Services Team,

On behalf of everyone at the Children's Hospital of Eastern Ontario, we are sending you our warmest thanks for choosing to support pediatric health care in our region.

As our communities continue to grow, we rely on CHEO more and more. On an annual basis the doctors, nurses, and staff at CHEO handle over 6,000 admissions, 7,700 surgeries and 171,000 clinic visits. Our emergency department also treats over 69,000 patients each year which makes it one of the busiest in the country. On top of all this care, our social workers are assisting families in need and the researchers and scientists at the CHEO Research Institute are busy every day searching for cures and new treatments so that more children will get well.

We are truly grateful of your support to invest in purchasing an additional Portable Transilluminator for CHEO. This will allow more CHEO nurses to work with this tool. The one we have is currently used primarily by our anesthesia team. The additional one will be of great assistance to our vascular team that is mobile throughout the hospital.

Your dedication to our children and youth will help ensure that the staffs at CHEO have the tools necessary to provide the best health care available for each and every patient.

Thank you so much again for making a difference in the lives of children and youth.

Sincerely,

Chantal Charbonneau
Director, Community Engagement & Annual Giving
