Dear Arlene and Global Child Care Services Team,

On behalf of everyone at the Children's Hospital of Eastern Ontario, we are sending you our warmest thanks for choosing to support pediatric health care in our region. We can't express enough our appreciation for the amazing fundraising efforts you and your team undertook within the past year. The accomplishment of raising \$12,000 is simply inspiring.

We are truly grateful of your support to invest in purchasing an additional Portable Transilluminator for CHEO. This will allow more CHEO nurses to work with this tool. The additional one will be of great assistance to our vascular team that is mobile throughout the hospital.

I look forward to exploring how we can share the impact of this gift with your team in the coming weeks! Receipts will be sent to the donors you've listed on your letter as well.

Your dedication to our children and youth will help ensure that the staffs at CHEO have the tools necessary to provide the best health care available for each and every patient. When and if you and your team would like to discuss how else you can make an impact at CHEO, I will be more than happy to discuss with you.

Arlene, to you and your team, thank you so much again for making a difference in the lives of children and youth.

Sincerely,

Chantal Charbonneau
Director, Community Engagement & Annual Giving
