## Even More Global Love for CHEO

Greetings Global Colleagues!

I am delighted to report to you on the results of **Global's 5<sup>th</sup> fundraising campaign for The CHEO Foundation**: we raised a whopping \$12,500.

In the time since this campaign was launched approximately one year ago, you have all been busy with wine basket and other raffles, bake sales of every description, fundraising lunches, dinners and picnics. I want to give a special shout out this time to our enthusiastic team at Fallingbrook School Age Program who held a Spring Market for CHEO on a Saturday in April and raised a stunning \$2,226!

Thanks to all of your tremendous efforts and generosity, as well as the generosity of our participating client families and friends, CHEO will be able to purchase Bone Conduction Hearing Aids for children in need of these devices.

Braggadocio Alert ... across five fundraising campaigns, Global Child Care Services has now raised **\$37,040** for the CHEO Foundation.

Your sense of social and community responsibility is truly inspirational.

With so much pride,
